PROFESSIONAL EXPERIENCE

Property Specialist

New San Jose Builders Inc. | 2022 – 2023

- Assisted clients in selecting and purchasing real estate properties, ensuring a smooth sales process from inquiry to closing.
- Provided detailed presentations and digital walkthroughs of residential projects.
- Coordinated with marketing and administrative teams to meet monthly sales targets.
- Gained valuable experience in sales strategies, negotiation, and client relationship management.

PROJECTS & TECHNICAL EXPERIENCE

Aecons Website Project

- Developed a fully responsive corporate website for an architecture and construction firm.
- Built and structured major web pages using HTML, CSS, and Flexbox.
- Integrated Swiper.js for interactive content and image sliders.
- Implemented mobile-first design and modular CSS architecture for scalability.
- Utilized Git & GitHub for version control and collaboration.

Aenergy Website Project

- Created a responsive website for a solar energy company with clean UI/UX and strong performance focus.
- Implemented interactive image galleries and modal previews using Swiper.js.
- Hosted and deployed via GitHub + Vercel, ensuring stable uptime and optimized speed.

Python-Based Calculator

- Designed a Python program capable of handling basic to advanced arithmetic operations.

ON-THE-JOB TRAINING (500 HOURS COLLEGE, 2025)

IT Intern | Aecons Design

- Applied technical skills in real-world IT operations, providing troubleshooting support and creating technical documentation.
- Researched and compared accounting software (QuickBooks, Wave, Zoho Books, GnuCash, Manager).
- Provided technical assistance for Microsoft Word, HDMI, Miracast, Chromecast, and general device connectivity issues.
- Independently developed and maintained company websites for Aecons and Aenergy, handling design, structure, and content implementation.
- Developed a Google Apps Script automation to update Google Sheets data, improving inventory tracking speed and accuracy.

INTERNSHIP EXPERIENCE (150 HOURS – SENIOR HIGH, 2020)

Commission on Elections (COMELEC)

- Supported IT staff in digital documentation and system checks during electoral preparations.
- Enhanced practical knowledge of troubleshooting, data handling, and technical maintenance.

ACHIEVEMENTS & CERTIFICATIONS

Completed 500 Hours OJT (College, 2024)

Completed 150 Hours OJT (Senior High, 2020 – COMELEC)

Recognized for initiative, responsibility, and quality technical research

SOFT SKILLS

Problem-solving and critical thinking

Adaptability and time management

Collaboration and teamwork

Clear communication and client relations
